

Pendant Shade Artist's Tools

Quarter Round Ramp Mold

RL009

Safety First

- Always wear safety glasses when working with glass.
- Kiln wash and other mold release agents can be hazardous. Please observe the manufacturer's safety and use instructions.
- These instructions assume that you have experience with kiln forming of glass. For more information, see our website.

Package Contents

You should find the following components in your tool kit package:

- 1 - Quarter Round Ramp Style Stainless Steel Mold (A)

Renegade Art Glass' Artist's Tools are custom designed to work with our Light Fixture Kits and other fused glass uses. With proper care, they will allow you to make many beautiful products.

Stainless Steel Mold

This mold is made from stainless steel for its ability to be repeatedly heated in the kiln with minimum corrosion. It is 13" long, has a 4" diameter curve and a 5" long flat area. This versatile mold can help you create many different leaf shapes for use with your Renegade Pendant Shade Kit.

Tips for Use

- We recommend pre-firing your mold before first use. This will ensure that any contamination from manufacturing or shipping is removed. Fire to at least 1000 °F, and let cool in the kiln.
- We also recommend using a good boron nitride release agent such as Zyp Coatings spray. You can also brush or spray the mold with standard kiln wash – we've found that heating the mold to 200 °F will help the kiln wash stick and give a uniform coating. Additionally, using a thin fibre blanket or shelf paper between the mold and the blank will help ensure that the blank will not stick to the mold.
- This shape is specifically designed for draping as shown. Be sure to position your blank so that it does not extend over an edge of the mold to eliminate the possibility of trapping.
- Depending on the size of your blank, you may need to prop your mold up on kiln posts.
- For more tips on creating your Pendant Shade, see our website (renegadeartglass.net/light-fixture-kits)

Thank You

We hope you get many years of enjoyment from your Renegade product. If you have any questions or comments about this or our other products, we would love to hear from you.
